

THE Healthy WORKPLACE PROJECT

Simple steps to prevent the spread of germs at work can result in major business benefits

- Do you have 100 employees or more?
- Do you want to save time and money?
- Reduce absenteeism and help engage employees more deeply?

THE HEALTHY WORKPLACE PROJECT* is an innovative approach to hand hygiene that helps employees understand, eliminate and prevent the spread of germs throughout their offices. The easy-to-implement solution can reduce absenteeism and help engage employees more deeply too. With FREE SITE SURVEYS bringing you the expertise necessary to assess your workplace, and SWAB TESTING which gives instant results.

Sick days cost on average over
£700 per employee
every year
